Tulsa Metropolitan Area Planning Commission  
Nine East Fourth Street  
Tulsa, Oklahoma

Re: C. D. P. No. 25  
Scott Orbison Co.  
NE of 76th St. North & Peoria

Gentlemen:

Attached hereto is a copy of an application filed by Scott Orbison Company requesting the approval of a Community Development Project located in the vicinity of 76th Street North and Peoria, presently zoned U-1C.

This matter is being referred to the Planning Commission in accordance with Title 42, Chapter 6, Section 18, Tulsa Revised Ordinances, for your findings and/or recommendations to the Board of Adjustment.

Yours truly,

BOARD OF ADJUSTMENT

By   
Casper J. Jones, Secretary

Attachment:

Application No. CDP #25 and Z-3129 Present Zoning: U-1C  
Applicant: Scott Orbison (Cummins Construction) Proposed Zoning: U-3D  
Location: NE corner North Peoria and 76th Street North

---

Date of Application: February 12, 1968  
Date of Hearing: February 28, 1968  
Size of Tract: 13.05 acres

Presentation to TMAPC By: Scott Orbison  
Address: 3726 South Peoria, Room 36 Phone: RI 7-7531  
Comments:

Mr. Orbison requested simultaneous public hearings on the proposed rezoning and the CDP. He advised the Commission that 90 mobile home sites would be contained on the tract and that one entrance would be on Peoria and two on 76th Street North. He added that the tract had been designed to meet the mobile home code of the City Ordinances.

Protests: R. J. Sterns Address: 1516 East 76th Street North

Comments:

Mr. Sterns stated that the proposed use would devalue the residential property in the area and overcrowd their schools.

Staff Recommendation:

The Staff recommends APPROVAL of U-3D subject to a CDP on the entire tract.

The Staff is opposed to commercial use of the subject property, and we believe the proposed service station site reflects a basic incompatibility, with residential uses to the South. However, the Staff considers a mobile home park to be of a residential nature. With the protection (density, use, screening, etc.) afforded by zoning subject to a CDP, the Staff believes the subject tract can advantageously be used for mobile home purposes, while maintaining satisfactory land use relationships with adjoining properties.

#### CDP-25

If the subject tract receives approval of U-3D, the Staff recommends APPROVAL of the CDP, subject to the following conditions:

1. That the gross density of the project be limited to 3,500 square feet per mobile home unit.
2. A minimum area per mobile home space of 2,000 square feet.
3. That each mobile home space be set back a minimum of 20 feet from the centerline of an internal street or drive.
4. That a minimum separation of 10 feet be provided between mobile homes.

Z-3129 (Continued)

5. That a minimum separation of 5 feet be provided between mobile home spaces.
6. That minimum parking space of 375 feet be provided for each mobile home space within 200 feet of each space served.
7. That open areas, recreation space, roadways, and parkways be of dust free surface.
8. That within the delineated service area, commercial use to be limited to an accessory rental office and/or laundry and vending service.
9. That signs be limited to one sign identifying the premises, not to exceed 20 square feet in area nor 8 feet in height, and that illumination be limited to indirect lighting.
10. That a minimum of 300 square feet of recreation or open area be provided per mobile home.
11. That a 5 foot masonry wall be constructed along the Southern border of the tract and a 12 foot planting strip be maintained along the East and Northern perimeter of the tract.
12. That the project be approved subject to the filing of a satisfactory subdivision plat.

Zoning Committee Recommendation:

Recommended APPROVAL of U-3D, subject to a CDP.

TMAPC Action: 7 members present.

On MOTION of MARTIN, the Planning Commission voted unanimously to recommend to the Board of City Commissioners that the following property be rezoned to a U-3D district, subject to a CDP:

Beginning at the Southwest corner of Section 30, Township 21 North, Range 13 East and running 430 feet North; thence 1320 feet East; thence 430 feet South; thence 1320 feet West to the point of beginning, in Tulsa County, Oklahoma.

and,

On MOTION of MARTIN, the Planning Commission voted unanimously to recommend to the City Board of Adjustment that CDP No. 25 be approved - subject to the conditions outlined by the Staff, modified to include a 150' x 150' service station site relocated on the Northwest corner of the tract described above.
