**ACKNOWLEDGEMENT OF PLATTING REQUIREMENTS:**

I understand that no application may be approved by the land use administrator or the planning commission if approval of the application would result in the creation of 5 or more lots from the parent tract, as calculated cumulatively for the 5-year period immediately preceding the submittal date of the application for lot-split/adjustment. Land divisions that result in the creation of 5 or more lots from a parent tract, calculated as described in the foregoing sentence, are subject to a platting requirement. If during evaluation of your application staff learns that approving your application would result in 5 or more lots, staff will withdraw your application. Fees paid for your application will be refunded at the sole discretion of the land use administrator.

**ZONING CONFORMITY ACKNOWLEDGEMENT:**

I understand that no application may be approved by the land use administrator or the planning commission if approval of the application would result in a lot that does not comply with the zoning code. If during evaluation of your application, staff learns that approving your application would result in a lot that does not comply with the zoning code, staff will withdraw your application, and you will be advised to seek relief from the applicable Board of Adjustment. Fees paid for your application will be refunded at the sole discretion of the land use administrator.
